Invocation à Marie, notre Mère

A Vous, O Madone chérie, nous vouons un culte filial de gratitude et d'amour. Au moment de quitter pour toujours notre chère Ecole Notre-Dame, nous voulons vous exprimer, bonne Mère, notre gratitude et notre amour.

Notre coeur déborde de reconnaissance pour les nombreux bienfaits venus par vous depuis toujours, mais surtout durant ces quatre années vécues dans une institution qui vous est dédiée.

Grâce inestimable que celle d'avoir reçu l'instruction de professeurs qui Vous ont voué leur vie--et dont la première ambition est de Vous faire connaître, de Vous faire aimer, afin d'arriver par Vous à mieux glorifier votre divin Fils.

Parce que nous avons appris à vous aimer, douce et tendre Mère désormais nous agirons sous votre influence. Aidés de votre grâce, nous ne craignons pas les difficultés, nous marcherons dans le droit chemin parce que nous vivrons en collaboration constante avec vous, mère Aimable et dévouée.

Vivre avec vous, O Mère, c'est avoir un idéal céleste très élevé; c'est choisir la meilleure part et s'assurer qu'elle ne nous sera jamais enlevée.

O Madone chérie, nous vous aimons et voulons vous aimer à jamais dans votre beau ciel, après vous avoir priée et chérie en cette vallée de larmes.

*O Marie, soyez notre Mère
et montrez-nous le chaque jour.*

Constance Dufault

Sa Sainteté Pape Pie XII

His Excellency Most Reverend
JOHN J. WRIGHT, D.D.
Bishop of Worcester

Chers Gradués de 1956:

Nous tenons à féliciter encore cette année, les gradués de l'Ecole Supérieure Notre Dame de Southbridge.

Pendant votre séjour à Notre Dame, vous avez été témoins d'un grand progrès matériel dans l'ouverture d'un nouvel édifice pour le cours supérieur. Mais, sans doute, vous avez su apprécier davantage la valeur spirituelle de l'éducation que vous avez reçue à Notre Dame. On a cherché surtout à former le Christ dans vos âmes. Voilà, après tout, ce qui importe: de mieux connaître le Christ, de l'aimer de tout notre être, afin de l'imiter dans notre vie quotidienne.

Lorsque vous quittez Notre Dame, nous demandons que son Etoile vous suive toujours pour vous montrer le chemin de l'imitation du Christ. Soyez fidèles à cet idéal et vous ferez certainement honneur à vos parents et à votre Alma Mater.

A nos souhaits pour votre succès, nous ajoutons notre paternelle bénédiction.

Fidèlement vôtre dans le Christ,

+ John Wright

Evêque de Worcester

MSGR. JEAN-BAPTISTE LAMOTHE, P.D.
Curé de la Paroisse Notre Dame

Mes chers gradués de 1956:

Vous allez quitter votre Alma Mater. Vous allez prendre le chemin que le bon Dieu désire pour que vous suiviez votre vocation. A l'Ecole Notre Dame votre education a ete a base de religion. Maintenant mettez Dieu plus que jamais dans votre vie. Que votre vie soit une vie d'obéissance, d'humilité et de charité. Savoir obéir est le secret du succès. L'humilité n'est-elle pas la vertu qu'on admire et que Dieu aime. La charité, quelle joie, quelle consolation pour ceux qui sont bons, pour ceux qui aiment à rendre service, à faire du bien. J'espère que mes classes d'apologie resteront gravées dans votre mémoire et aideront à vous conserver de catholiques fervents, fidèles et nobles. Que la reconnaissance reste dans vos coeurs pour ceux qui ont rendu votre éducation possible. Partez maintenant avec ces conseils qui seront le gage de votre bonheur. Je demande à Notre Dame du Sacré Coeur, que nous avons si souvent invoquée ensemble, je lui demande de vous mettre dans le coeur du Divin Maître qui, a réjoui votre Jeunesse a l'Ecole Notre Dame. Souvenez-vous de notre devise: "Ad Cor Jesu per Mariam."

AU REVOIR!

Les grandes joies comme les grandes tristesses sont d'habitudes silencieuses, mais les circonstances nous incitent à essayer de vous exprimer ce que nous ressentons, pour vous, Monseigneur, qui vous êtes dépensé sans compter pour nous construire une Ecole Supérieure moderne.

Pour y être entrés les premiers, nous avons, ce soir, le privilège de vous rendre un hommage public de vous dire notre plus cordial merci. Toutes les générations qui viendront s'y succéder, béniront à jamais votre mémoire.

Pour nous, nous partons avec une intelligence plus formée et un coeur plus compréhensif. Nous partons avec la ferme volonté de demeurer fidèles à vos bons conseils, Monseigneur, et avec le désir de faire fructifier les leçons salutaires puisées à cette école Notre-Dame qui nous a vus grandir.

Les gradués de 1956
Donald Coutu

OUR CURATES

A deep flow of gratitude issues from our hearts for you, our Curates, as we, the Seniors, leave our dear Alma Mater. You have been friends, advisors and spiritual guardians to us. You have tended your flock with all the devotion and care that your fervent hearts contained.

Father Smith, our able sports director, it is through you that we learned a sense of fair play. You have given us the ability to accept defeat and claim victory which we will carry with us as we face the future.

The Scouts and altar boys never had a more devoted friend and chaplain than you, Father Landry. Our Senior girls will always remember the spiritual enlightenment that you quietly but effectively provided as leader of the Senior Scout troop.

And now, as we ring down the curtain on another episode of our life, we know there will always be a special spot in our hearts for you, Father Lucier. Our yearbook itself will be a frequently reread reminder of the spiritual leader whose untiring efforts made it possible. Your wise counsel will be a guiding ray which will lead us through life..

Yes, we, the Class of 1956, cannot forget the magnificent inspiration our Curates have been for us through the years. In recognition and heartfelt thanksgiving we sing: Te Deum laudamus!

Dédicace

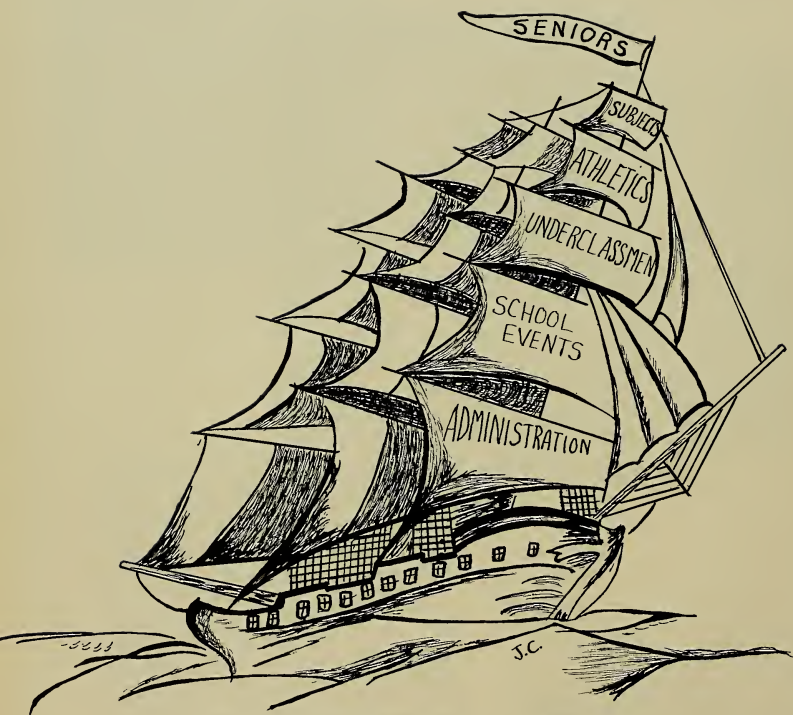

Le Seigneur n'a-t-Il pas dit, "célébrez l'an cinquantième"? C'est donc pour partager votre jubilation "toute dorée" et en même temps satisfaire nos coeurs reconnaissants que nous, les finissants de 1956, vous dédions notre annuaire, "L'Etoile", chère révérende Soeur Marie-de-la-Réparation.

Cinquante années exclusivement consacrées au service du Seigneur et des âmes--que c'est beau! Ce qui est encore plus admirable, c'est que votre zèle et votre enthousiasme semblent n'avoir été altérés en rien par les années. Votre coeur est resté jeune avec nous, les jeunes, pour nous gagner et nous conduire à Dieu.

Pour votre dévouement inlassable envers nous, révérende et bien-aimée Maîtresse, nous vous promettons profonde une reconnaissance et un souvenir intarissable.

AD MULTOS ANNOS!

CONTENTS

Révérende Soeur Pierre d'Avila

ADIEUX À NOS CHÈRES MAITRESSES

Le flambeau symbolise la lumière qui sera toujours allumée dans nos coeurs pour nous montrer le chemin du ciel.

Et, à cette, heure solennelle du départ, nous voulons vous assurer qu'en dépit des vents contraires cherchant à éteindre la flamme, les instructions et conseils reçus à Notre-Dame resteront à jamais gravés dans nos coeurs.

Vénérée et bonne Soeur Supérieure recevez avec nos hommages, nos voeux pour votre bonheur.

Quant à vous, chères et dévouées Maitresses, qui vous êtes données si généreusement, nos mercis les plus sincères pour cette flamme de la formation chrétienne allumée et entretenue en chacune de nos âmes.

Toujours nous nous souviendrons.

Basketball while a Freshman and a Sophomore...Famous saying: "See you later, alligator"...Wonderful sense of humor...Natural curly hair...Class poet... Keeps the Dairy Spot busy ordering gnocci and pizza...A real cool kid...Has a weakness for blue eyes--especially in boys...good sport...Has the ambition to become a Registered Nurse...Renée, whatever you do, always stay as cheerful and witty as you are now.

Junior Class History

As the birds began their autumnal migration, we, the Juniors returned with summer memories to our dear Notre Dame High. This school year so eagerly anticipated was delayed by the flood which temporarily crippled our town. However, we soon compensated for lost time-----intent as we were on, making our Junior year a very fruitful one. Quite conscious of the need for able leaders the class elected: Armand DeGrenier, president for the third consecutive year; Pauline Racicot, vice-president; Omer Guay, treasurer; and Judith L'Ecuier, secretary.

Our social success we assured by re-electing the social committee composed of Richard Giguere, chairman and his assistants: Gloria Proulx, Donald Charpentier, and Lorraine Brunelle. Richard and his staff have meticulously executed their responsibility of making our monthly dances a success.

The sorrow of losing some of our classmates was counterbalanced by the joy of receiving into our ranks three new members: Edwina Tardif and Raymond Cyr from Van Buren, Maine and Paul Trahan of Worcester, who returns to us after a six year's absence.

Our pride surged high on learning that Armand DeGrenier was also elected president of our Catholic Youth Council with Norman Ledoux another member of our class as vice-president.

In other school activities we find John Depres and Ronald Richard playing for our varsity basketball team, while Pauline Racicot and Edwina Tardif are enthusiastic cheerleaders of N.D. The classical course students work intently at their individual science project for the School Science Fair, while the commercial students are diligently practicing in order to merit certificates of accomplishment and efficiency.

As the days rolled into November, the Bishop Wright Declamation contest found our class well represented by Omer Guay and Gloria Dumas. Omer Guay was also awarded second place in the semi-finals of a French Declamation Contest.

December claimed our class members for an active part in a concert and play in honor of Sister Pierre-d'Avila, our kind superior. With January came the moment long awaited by any high schooler--the ordering of our class rings. Quite special do we consider ourselves as we admire its blue spinel ceramic stone. Delivery was promised for March. Extensive plans for the Senior Prom are now under way and we hope that it will be a tribute to our upper-classmen. If our predictions are accurate the final months of this school year will be as fruitful to us as the first have been.

To Sister Marie-de-la-Reparation, our devoted homeroom teacher, and to all the other teachers who have contributed in making this year wonderful, I wish to express heartfelt thanks in the name of the class of "57". May God reward you in all His own divine way.

Ronald Richard

First row: Annette Duval, Dolores Lavallee, Judith L'Ecuyer, Diane Pariseau, Estelle Lacasse. Second row: Gloria Farland, Patricia Marand, Edwina Tardif, Joan Trahan, Phyllis Langlois. Third row: Lorraine Payant, Gloria Proulx, Pauline Racicot, Gertrude Paquin, Gloria Dumas. Fourth row: Lorraine Brunelle, Cecile Robert, Joanne Trahan, Lucille Gouin, Pauline Ayotte. Standing: Armand De Grenier, Donald Charpentier, Richard Giguere, Raymond Cyr, Omer Guay, Ronald Richard, Ronald Gaumond, Normand Le-doux, Paul Trahan, Jean Despres, Rosaire Charland.

Officers

Sophomore Class History

September 1955! Gaily and hopefully we embarked on the second lapse of our scholastic journey. The "smiling Sophomores", though forty-six strong, were happy to welcome Rachel Cyr and Dolores Langevin in their ranks. From the very onset of the school year the classical and commercial students found themselves assigned to separate classrooms--Sister Sainte-Rollande was homeroom teacher for the Classics and Sister Veronica for the Commercials. However, the division was just curriculum-wise--for we were still one in heart and spirit. We sailed along happily under the guidance of our devoted homeroom teachers as well as Sister Bernadette-Marie, Sister-Jeanne-de-Florence and Sister Jean-du-Cénacle.

After the thrills and chills of initiation week died down, we elected officers--two sets of them! Classical course leaders were Frederic Hetu, President, Louise Beaupré, Vice-President, Ronald Corriveau, Treasurer, Madeleine Haling, Secretary and Anne Marie Maynard, Chorist. The Commercials installed Nancy Bonnette as President, Rita Carmel, Secretary, James Normandin, Treasurer and Yvette Racicot, Librarian.

The first event of the school year, "declamation contest" found two sophies on the ranks Madeleine Haling and George Bellerose. George won semi-finals honors. In November, Madeleine Haling attended the National Convention of the CYC at St. Louis, Missouri and had many an interesting tale to tell upon her return. During this same month, Anne Marie Maynard and Robert Boulanger were nominated CYCers of the month. We were proud indeed that students from the Sophomore class should be the first to have this honor.

Our class showed its true colors at the unforgettable skating party we had at Yvette Racicot's camp. A grand turnout! A wonderful time!

And the days sped by! Christmas, with its usual festivities; New Year's with its resolutions; January with its *exams*! Lent took on a deeper spiritual meaning as each student was spurred to greater generosity by the CYC motivation projects. Participation in the county Science Fair and in the National OGA Shorthand Contest gave great stimulation to our class work and we actually found some days *too short*! With the prom but a memory, we solemnly reflected, as we pressed the soft petals of our corsage roses, that soon, very soon, we would be closing our textbooks upon the learning and happenings of our second year of high school. We are taking with us countless happy memories, and to the up-and-coming Sophomores we say "May your second year at Notre Dame be filled with blue skies, pink clouds, and silver stars".

Freshman Class History

Knees knocking, teeth chattering, hearts thumping but with determination set in the line of every jaw, fifty-two inexperienced students climbed the steps of Notre Dame High. Four years of our lives were depending on the foundation started this cool September day in '55.

With such a large number of pupils to cope with, it was to be expected that our devoted teachers, Sister St. Pierre d'Avila, Sister Rollande and Sister Bernadette Marie, should decide to separate us into two groups, IA and IB. This, in no way meant A was superior to B but, was solely a means of enabling the sisters to teach in an easier and better way. Sister Marie-de-la-Réparation, however, decided to die courageously and undertook teaching all fifty-two young, impetuous students in the Library of the New Notre Dame High. Our hats are off to such a teacher! We are humbly grateful also to our principal who has found time, in her busy schedule, to teach us Latin and algebra.

While settling into our routine of changing classes at curious hours and learning new subjects with complicated textbooks, one thing was uppermost in our minds. Initiation!!! When that day arrived, fear was soon forgotten in the wholehearted enjoyment which we felt. Initiation night found us trying to follow the theme of the evening, "Beat the Clock." Any freshman can admit that it was far from easy. Tricky questions like "What is like a cat, acts, and does things like a cat, yet is not a cat?" were asked and few could think of a "kitten" in the few seconds which was the time allowed. After all had been run ragged, we waltzed for the remaining time with Norman Lafrenais, Freshman King and Yvette Vaillancourt, Freshman Queen.

Once a month our reliable social committee arranges entertainment for our Saturday night dances. Without such devoted teen-agers our dances would be far from what they are fun!

Today, we are freshmen; tomorrow, we'll be seniors. Faithful to our motto, "Laborare est Orare," we will make our four years of work at Notre Dame High travel along the highway of a quartet of worship. We hope to meet milestones of happiness, fun, success and, best of all, contentment along the N.D.H. four-lane highway.

Sandra Lesniewski '59

O F F I C E R S

First row: Carol Young, Anne Marie O'Neill, Rose-Marie Morneau. Second row: Pauline Desmarais, Rachel Beaudry, Diane Pontbriand, Louise Garceau. Third row: Yvonne Guillemette, Doris Lippe, Gloria Boucher, Gloria Renaud. Fourth row: Emma Lavallee, Patricia Valcourt, Louise Peloquin, Diane Giroux. Standing: Roger Bishop, Donald Forcier, Paul Cournoyer, Gerard Caplette, Henri Langlois, Donald Lafleche, Albert Levesque. Missing are: Sandra Miller and Shirley Provost.

First row: Yvette Vaillancourt, Germaine Bergeron, Marguerite Giguere, Dolores Nuckle. Second row: Carol Macuga, Rachel Picard, Theresa Parenteau, Jacqueline Gaulin. Third row: Anne Marie Lariviere, Celine Lazure, Louise Bonnette, Madeleine Farrand. Fourth row: Therese Jolie, Lorraine Goulet, Sandra Lesniewski, Gloria Craite, Dorothy Maynard. Standing: Raymond LeBel, Armand Trahan, Norman Lafrenais, Richard Cournoyer, Donald Cournoyer, Roland Gamache. Missing is Donald Mandeville.

MUSIC

"Music hath charms to soothe the
savage beast, to soften rocks, or to
bend a knotted oak."

William Congreve

SUBJECTS

RELIGION

We, the Graduates of 1956, regard "Religion" as the subject of the greatest significance and of highest value.

In fact, although it is taught formally as a subject, it permeates every subject. How often does it not guide us in evaluating literature in terms of morality. By its light, science is studied with an eye on the Creator of our marvelous universe . . . and so on throughout the day.

From day to day, religious instructions have increased our everlasting love for God and neighbor.

We profit of this last opportunity to thank you; devoted Sisters-bearers of truth-and we pray that Christ may shower you with his many blessings in return for your tireless devotion.

Mariette Bellerose

SCIENCES

Sciences are like narrow paths leading to a broad highway of success. As we went through our high school at dear old N.D., we traveled these complicated paths to our final goal.

Our first path was Biology under the expert leadership of Sister Elizabeth-de-Hongrie who first introduced us to our sciences in our Sophomore year. Then came Geometry with its difficult angles, triangles, and rules.

As Juniors we traveled a more difficult and capable path, Chemistry. This year, our teacher was the very reliable Sister Jeanne-de-Florence who did her utmost to teach us this subject. Algebra came also, Sister Eustelle-de-L'Eucharistie with her almost unlimited knowledge of Math guided us easily along this footway.

Our senior year brought us to our final path and to the edge of our "golden highway" with the most interesting subject ever, Physics, with all its puzzling laws and formulas.

After four years of hard study we hope we are ready to put forth our feet on that long desired road to happiness and success.

We will always be grateful to our dear teachers for the tremendous help they've given us. In the name of the Senior Class, I wish to thank all my teachers for the trouble and sacrifices they have had in helping us acquire the necessary knowledge for securing ourselves a happy and prosperous future. May God grant them many fruitful future years.

Alfred Hevey

LANGUAGES

Learning to express ourselves correctly in English and in French is one of the important achievements of our language program. The concern of the English Department for good English, oral or written, is evidenced by the many opportunities offered us in both fields. Oral talks, panel discussions, grammar, composition and literature are some of the means of attaining this goal.

We are also proud to strive toward the mastery of our mother tongue, French. Very fortunate are we indeed, to keep aglow the precious heritage of our ancestors by the tireless work of competent French teachers throughout Grammar School and High School.

Latin is another language on our curriculum. It may be a "dead language" but we realize its importance. Latin roots are a splendid help toward the increasing of our English and French vocabularies. Since it is the language of the Roman Catholic Liturgy, a better understanding of Latin leads to a more complete participation in religious ceremonies and liturgical prayers.

True, our language assignments seemed, at times, a gigantic task, but today we are glad to have had these opportunities for personal enrichments and a guarantee for success in our future careers.

Pauline Picard

HISTORY

History repeats itself!!! Ancient and American History which we have learned in our school years will enable us to understand the problems of the past and to cope with present-day situations. Through these courses, we have learned of the God-given freedoms by which we possess the freedom of speech, of press, of religion and the blessing of the absence of fear. All this, our teachers have transmitted to us by their constant efforts and patriotic enthusiasm. They have taught us to live by our American creed, to be loyal citizens of our beloved United States of America.

BUSINESS EDUCATION

What an emotional event! It was now time to climb the ladder of business education. The "Busy Bees," "Shooting Stars," "Little Greggs," and the "Swing Alongs" were rushing up, step by step. First step was shorthand. Our "Million dollar swing" was mastered after much effort and our "chicken tracks" certainly improved a great deal. Climbing to the second rung, we found typing to be a pleasant experience. Under the masterful eyes of our teachers, speed and accuracy were acquired in a short time. Our third step was bookkeeping. "Watch the game!" was the maxim and we learned the art of Double Entry Bookkeeping. Advancing another rung, we now reached filing. Changing our motto to "Keep your eye on the ball," we experienced little difficulty in wading through the science of filing. We are now at the peak of the ladder, learning comptometry, finally. The tapping of keys at such a speed seemed impossible. But through practice and effort, we succeeded in becoming competent operators of this machine. We now are at the end of our high school days.

Reaching the summit of our ladder, we, the Seniors of 1956, wish to express our heartfelt gratitude to all our devoted teachers who have guided us so efficiently through a difficult period of our high school days. "MERCII!"

VARSITY TEAM

Kneeling, left to right: Paul Cournoyer, Alfred Hevey, Jean Despres. Standing, left to right: Coach Decataldi, Donald Dufault, Paul Proulx, Ronald Richard.

BASKETBALL

JUNIOR VARSITY

Kneeling, left to right: Alfred Mathieu, Donald Mandeville, Donald Lafleche, Gerald Marand, Ronald Lafortune, Bernard Chevalier. Standing, left to right: Alfred Bachand, Roger Giroux, Ronald Hevey, Armand Trahan, Ronald Cournoyer, Paul Trahan, Richard Amiot, George Caplette, Coach Lavigueur.

Winter, once again, ushered in the basketball season. Six players, full of pep and vigor, turned out for the team with high spirits, thirsting for a better record. At the half mark of a schedule of 17 games, we had a record of three wins and five losses.

Our loss of several games and an inferior record of wins this year never so much as dampened our school spirit, courage and enthusiasm. Our boys played hard and strove to obtain victory. Fred "Al" Hevey and Paul "Hoppy" Proulx, co-captains, did some terrific ball playing. Other members of the team sparkle in this dive for success.

Through the magnificent coaching and patience of Greg Decataldi, the boys presented another enjoyable basketball season to our school.

To you all, future and present basketball players, remember to always be proud of the Blue and White uniform you wear. Keep God with you always, and you will forever be victorious.

Along with our big brother, Varsity, comes the little men, the Jay Vee's. Young and inexperienced as they are, we delight in being spectators and viewing their games and unquestionable spirit and team work. The springing up of great, future players can be seen in these fighting jay-vee's.

Through the splendid coaching of Sam Lavigueur, the Jay-Vee's acquired a "never say die" attitude. Sam's job was well done.

Looking forward into the future, we see these hard fighters in the varsity starting line-up, proud of the blue and white.

May your future victories be numerous ones. Never forget that God can be of great help and with Him on your side, you will never lose.

Robert Proulx

VARSITY TEAM

Kneeling, left to right: Joanne Trahan, Pauline Picard, Anne Marie Normandin, Celine St-Germain, Joan Trahan. Standing, left to right: Elizabeth Snow, Phyllis Langlois, Cecile Robert, Patricia Marand.

Another basketball season is well underway with enthusiasm and good sportmanship, the outstanding characteristics of our four-year-old team. With the excellent coaching of Miss Jeannine Blanchet and Mr. Edward Julien, we are striving towards our goal through splendid teamwork. Although we lost our opening game against Woodstock Academy, we were victorious in our return game.

We wish to remember forever the worthwhile lessons acquired in training: cooperation, good sportmanship, and the acceptance of ups and downs with a smile. We, the Seniors of '56, will always be cheering for the blue and white as you, who remain, continue to build on the foundation already laid. May success brighten the sports future of N.D.H. under the all-protecting guidance of Mother Mary.

JAYVEE TEAM

Kneeling left to right: Celine Lazure, Annette Duff, Louise Lataille, Gloria Renaud. Standing left to right: Louise Peloquin, Carol Macuga, Gloria Boucher, Rachel Picard.

CHEERLEADING

This year was highlighted not only by the installation of six new cheerleaders: two Juniors: Pauline Racicot and Edwina Tardif, two Sophomores: Yvette Racicot and Nancy Bonnette, two Freshmen: Yvonne Guillemette and Anne Marie O'Neill, but especially by their co-operation in helping to bring out the glad spirit of the blue and white.

Our Captain Diane Phoenix, deserves high praise for her unfailing support and genuine enthusiasm as a dynamic leader of cheers for the past four years.

Standing by her were two other Seniors, Barbara L'Heureux and Jeanne Boudreau who injected our valiant squad with their pep and vim.

Keep the cheers echoing and re-echoing, girls! They boost our team, help Notre Dame High, and teach us all the blessed effect of optimism. Remember "Gladness makes for lightness" in life as well as in sports.

Jeanne Boudreau

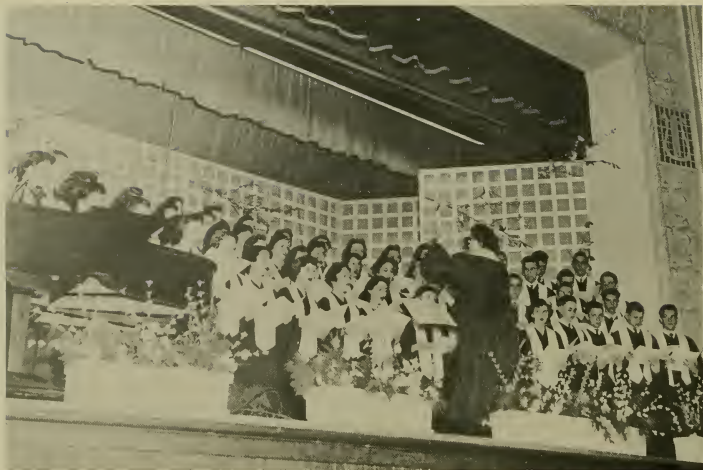

Glee Club

Our promising Notre Dame Glee Club gave a "Toast to Music" in its second concert presented in March 1955. Beautifully gowned in choral robes of royal blue enhanced with white stoles, the group stood out impressively on a stage daintily adorned with apple-blossoms. The audience listened, rapt in appreciative admiration, as the glee clubbers smoothly and easily followed the graceful directions of our "maestros" Sylvia Gregoire and Donald St. Jean. Our thanks and admiration for tireless devotion go to Sr. Marie-de-Montfort and Sr. Eustelle-de-l'Eucharistie.

The warm glow of a successful concert eventually fades away, but one joy we all anticipate, that of singing at 8:15 Mass on Sunday. To blend our voices in praise of our Lord and His Blessed Mother is a reward in itself, and we are always assured that the angels softly applaud every performance for they can see the love in our hearts.

We will miss joining in on those musicales, but we promise to buy "first row tickets" for future presentations. Sincere thanks to our choir directors and to Sr. Claire-de-la-Trinite, and the best of the best to "Notre Dame Glee Clubbers."

Lorraine Roy

C.Y.C.

The Catholic Youth Council--a new teen-age movement, was initiated in our school this year. Led by our very able chaplain, Father Lucier, and our devoted advisor, Sister Veronica, who gave us the push we needed by her unceasing helping-hand and the willing sacrifice of her precious time, our council can look back upon a happy, fruitful year.

With our ultimate goal, eternal salvation, in view we travelled along guided by the illuminating motto: "Unity, Sanctity, Action!" The spiritual, cultural, social and physical development of the individual youth is the primary purpose of the C.Y.C.

We, the Seniors of 1956, thank God and wish to express our heartfelt gratitude to all our dear sisters for their great contribution to the growth and benefit of our council. For all the privileges of our membership in this youth movement we say: "More power to the Catholic Youth Council of Notre Dame High School."

Diane Phoenix

DECLAMATION

Pour la sixième fois, nous avons pris part au concours de déclamation demandé par son Excellence Monseigneur John J. Wright.

Notre école fut représentée par Mesdemoiselles Gloria Dumas et Madeleine Haling, Messieurs Omer Guay et Georges Bellerose--à l'honneur de concourir au grand-final à Worcester.--Il ne remporte pas le trophée mais il fait grandement l'honneur de notre Ecole Supérieure.

Combien nous sommes fiers de toi, Georges!

Continuons la lutte; elle en vaut la peine. Ne prouve-t-elle pas notre attachement à la plus belle des langues: celle que nous ont léguée nos fiers ancêtres?

Lauria Saulnier

SOCIAL COMMITTEE

A well-balanced education necessarily includes the "social graces." Though our school is a relatively small one, Notre Dame can boast of a well-organized social committee that keeps the younger set "à la page" socially speaking.

Jeanne Boudreau, the able and devoted general chairman, assisted by seventeen responsible members, has greatly contributed to the success of our weekly get-togethers. We love these friendly gatherings and all Notre Damers look forward to Saturday night.

Under the protective guidance of Our Blessed Mother and vigilant chaperones, Notre Dame's teens and their friends are always assured of a "good" good time.

Blessings upon all who make these gatherings possible and enjoyable!

Richard Patenaude

Tri-

Hi

Prom

Tri-Hi Prom

May 27, 1955! Once again students from three local high schools--St. Mary's, Cole Trade and Notre Dame--joined hand in hand, to organize the biggest festivity of our school year--the Tri-Hi Prom.

It was on a cool spring evening that students came from all directions to Notre Dame Hall, anticipating what was to be the thrilling climax to the many hours of tiresome yet fun-filled preparations. The artificial sky and the rock

garden enhanced by a colorful fountain gave the feeling of spring throughout the entire evening. That, along with the enchanting music of Russ Cole, made this a delightful "forget-me-not."

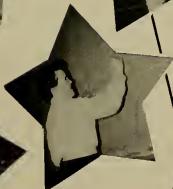

On the stage stood a statue of our first guest Chaperone, the Blessed Virgin. This artistically adorned replica of our Heavenly Patron was a happy reminder to all that dignity and purity of soul are our most beautiful and most precious ornaments.

Class History

Fasten your seat-belts! Ten seconds until blast-off! 10—9—8—7—6—5—4—3—2—1—0—
Zoom! We, the Senior Class of "56", undertook a four year journey through the space of life in the September of 1952.

On our way up to God the Almighty, we visited four planets, the first of which was called "Freshman."

Little knowing what would become of us or where we were headed for, 44 happy "space-travelers" boarded the rocket-ship "Notre Dame." Having been prepared with years of experience and loaded with an abundant supply of knowledge and friendship, the "Notre Dame" received us joyfully.

This welcome became official the day of our initiation. The Seniors of "52" kept us busy and bubbling over with laughter and fun.

Finding ourselves safe and sound the next week, we buckled down to business. We were well pleased to meet our "space pilots" for this year, Sister Louis-Hector and Sister Bernadette-Marie. With their patience and intellectual leadership we zoomed through Latin and algebra with flying colors.

Chosen as class-officers were Diane Phoenix, president; Richard Gregoire, vice-president; Robert Proulx, treasurer and Charlotte Bourbeau, secretary.

As the "meteor" November flew by, it brought along with it basketball. Alfred Hevey, Paul Proulx, Richard Williams, Richard Patenaude, Robert Proulx, and Gerald Marand were "Comets" on the J.V. team.

On February 17, we celebrated Sister Louis-Hector's Silver Jubilee. She was presented with red and white carnations as a mark of gratitude from her pupils.

June swiftly landed into our laps and we were eager for our next stop, "Sophomore."

September 1953 finally arrived and with it came the day we were divided into classical and commercial junior space-cadets.

Under the direction of our "captains" Sister Elizabeth de Hongrie, Sister Marie-de Lourdes, Sister Eustelle-de-l'Eucharistie and Sister Bernadette-Marie, we planned another successful year for ourselves.

We selected the following able officers: President, Diane Phoenix, Vice-President, Richard Gregoire; Secretary, Lorraine Roy; Treasurer, Barbara L'Heureux and Chorister, Sylvia Gregoire.

The industrious leaders named on the Social Committee were Richard Patenaude, chairman, Lorraine Roy, Jeanne Boudreau and Laura Saulnier.

On November 24 a surprise party was held for Barbara L'Heureux who capably represented us in the Bishop Wright Declamation Contest.

A Science Fair was presented to the public, showing the accomplishments of the Sophomores as well as those of the Juniors. This was made possible by the careful supervision of Sister Elizabeth-de-Hongrie.

With June came the midway of our journey.

In we flew as Juniors in September of "54". We were slowly approaching the final year of our high school days.

In the course of this year we studied under the direction of our "conductors" Sister Marie-de-la-Reparation, Sister Jeanne-de-Florence, Sister Eustelle-de-l'Eucharistie, Sister Marie-de-Lourdes and Sister Jean-du-Cenacle.

Elections were soon under way, and introduced: Paul Proulx as President, Paul Forcier, vice-president; Barbara L. Heureux, secretary and Jeannine Cloutier, treasurer.

We are certainly proud of Cadet Sylvia Gregoire who represented us in the fifth annual Bishop Wright Declaration Contest. She surely was a credit to Notre Dame High School.

Jeannine Cloutier acted as gracious host to our class at a Halloween party held in her home on October 29.

It was a great privilege for us to have appeared in two concerts, the first in our Freshman year and the other in our Junior year. In the latter we had more enthusiasm because we were all full-fledged space cadets and because one of our crew, Sylvia Gregoire, was a conductor.

Decorating and preparing for the Tri-Hi-Prom of May 27, was a great pleasure. Together with the Juniors of Cole Trade and St. Mary's, we worked hard to make a success of our enjoyable evening.

Alas, came the final step before our last visit in the space of high school life. Exams and goodbyes brought the finish to another well-spent year.

Finally came the first day we spent as Seniors at Notre Dame.

On our teaching staff are competent guiders: Sister Eustelle-de-l'Eucharistie, Sister Marie-de-la-Reparation, Sister Jeanne-de-Florence, Sister Jean-du-Cenacle and Sister Ste. Veronique.

Those voted into office were Alfred Hevey, president; Lorraine Roy, vice-president; Jeannine Cloutier, treasurer; Lucille Gendreau, secretary; and Lauria Saulnier, librarian.

We were very pleased to welcome to our new school Sister Marie-de-la-Purification, the present Mother Superior of the Sisters of the Assumption.

It was a great sorrow for us to see that Sister Eustelle-de-l'Eucharistie had to leave us for a while. But this sorrow was diminished by the joy we received from her substitute Sister Ste. Blance. We know that it was no easy task for her to come to us during mid-year exams, and we deeply appreciate the way she handled the situation.

We were proud of Robert Proulx, our delegate on Good Government Day.

Sister Jeanne-de-Florence directed a "Science Fair" in March in which all our budding biologists, chemists, and physicists took part. That was truly a timely application of our years of laboratory knowledge.

As graduation, our landing-station, approaches we thank God and His Heavenly Mother for the protection they bestowed upon us. We also thank His assistants: pastors, curates, and teachers who guided us and kept us on the right orbit.

Now we bravely face our future and as we look through the skies this thought focuses in our minds--AD ASTRA PER ASPERA!

Constance LaFleche

Class Prophecy

Believe it or not, here it is 1976 already! Since I have now become an "official" tax collector (badge and all) and April 15 is now approaching I must go out, and collect taxes.

Lets see, where shall I start? I know!!! I haven't seen my dear old classmates in ages. Why not visit and collect (of course) at the same time.

My mind made up, I immediately leave my office, and am about to cross the street, to my car, when an ambulance "screams" by, and practically knocks me off my feet.

While trying to gather my senses, I notice that my old friend Lorraine, now an R.N. is the driver, no less. Well, she always did want to get "a-head", and she almost got mine that time.

My car, starts with no trouble at all for a change and I proceed down the street. Suddenly a large billboard catches my eye, "Forget about Betty Crocker, and think about Jeanne Freniere's ready-mixed foods. They're better for your tummy." So that's how Jeanne made out. Pretty good. -----Continuing on my search, I notice that I am running out of gas, but quick! I pull into the first gas station I see and what do you know! It's Renee (they call her greasy pants now) coming to wait on me. After filling up the tank with her new "Knock and Stall It" gas, I roll along at high speed.

Say, look at that jet! Hey, its slowing down. It's a bird! It's a plane! No, it's Fred Hevey, and there's Diane also, an attractive stewardess for the "Fly it or Junk it" Airlines.

Hi there, Fred! Hi, Diane! Woops they're gone again.

Now, let's see, where to now??? Well! Well! Another sign, "Is your cranium pushing against your cerebellum? Do you sometimes feel that you are going mad? Then it's high time you paid a visit to "the" psychiatrist, Jeanne Boudreau. Let her solve your problems, and do all the worrying. All you have to do, is pay your bill."

After riding around for a few hours, without any sign of my dear classmates, I find that I am famished. Ah, here's a nifty little restaurant. On entering, I find myself in a very congenial atmosphere. Leave it to Charlotte and Paul. Charlotte, head waitress and sole inventor of a "crampy-toes" easer, especially designed for tired waitresses, and Paul the head waiter, still wearing his diploma from the Public House, on his chest, greet me as usual with a sunny smile.

After enjoying a very delicious meal, I once more set out on my search for the rest of the class of "56".

What have we here????? It's a sign saying, "This way for a tour of the "Syl-Con" Research Lab." A little recreation is welcomed after dinner, so, following the big crowd I find myself in a spacious laboratory. Why, look who's here! It's Sylvia and Connie, two of the greatest scientists of the day. Sylvia is well-known throughout the country for her article, "Flea Jumping, in 10 Easy Lessons." Connie is very popular for developing "Flying Cups", to match "Flying Saucers."

After my visit of the lab, I resume my tax-collecting tour.

Look at that crowd. I wonder what's going on? Why its Peggy, now Sister Mary Marguerite who's holding up traffic, while ushering her class of 60 kindergarten "monsters".

Moving along the road, I notice a huge white house, with a great sign in front, saying, "Do you need a rest from married life? Does your husband treat you cruelly, on purpose"? Let us, Lucille, Annette, and Beatrice, help you straighten yourself out. Try our "Get Away From It All" plan. It has helped millions?????

Further up the highway, I see a man working on the road. Why it's Bobby Proulx, and he's been proclaimed painter of the year. He paints the white lines in the middle of the road. His intentions were to be an engineer, and he does "engineer" himself pretty well in painting the lines straight.

Boy, these classmates of mine sure get around. Hmmm'. Wonder who lives in this beautiful house. Well I'll be! Lauria lives here. She has just made over \$3 million dollars for developing a new "fuzzy wuzzy" home permanent. No neutralizer, no curlers, no setting or resetting. It works by mental telepathy.

Oh well, I suppose I should keep going. Say, isn't that Richard Patenaude and Donald Coutu marching up ahead? Why, it sure is, and they're wearing their Boy Scout uniform. Of course, they've both been proclaimed as the two "Don't forget the matches boys" of the year. I suppose I should love walking. So, I'm off again.

Well, what's this? Another billboard with the words, "See the "Flippity Flop" Ice Revue, with our foremost ice skating queen and, "Hey, I need another pillow," Normandin.

Hmm, this show should prove to be most interesting. But, I suppose I should get back to work again, and think about this show later.

Take a look at this building! It's a school to help shorthanded students write long-hand. And it's founders are quite well-known for their "Duz does everything" System. They are Profs: Constance Dufault, Mariette Bellerose, and Jeannine Cloutier.

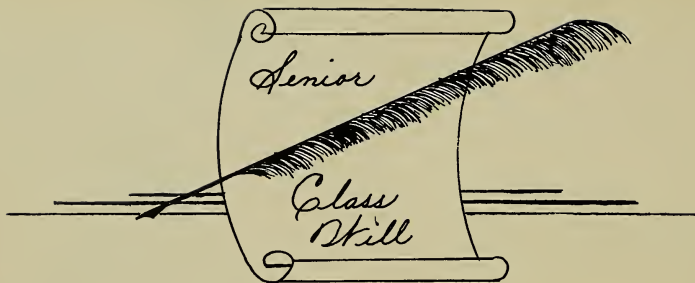

My but the countryside is peaceful. The trees, the valleys, the farms are beautiful. Say, that girl looks familiar. She should be, why that's Pauline. She moved out on a farm, and now raises spinach, to send to Hollywood to keep Popeye supplied year round. Well done, Pauline!

As I continue along the way, I happen to turn on the radio for some music. All at once, a familiar voice which I recognize for Gerry Marand's, says, "Do you eat and eat and always gain weight? Is your middle beginning to resemble a "rubber tube"? "Sticky-Stickum Syrup." Always a result." So Gerry's on the radio, eh. Well! That's news!

Gosh, its getting late, and you know something? I didn't collect any money from my classmates. Oh, well, looks like I'll have to charge them double next year.

All in all though, I sure am proud of them. Wouldn't you be??

Barbara L'Heureux

The time has come for all good men to come to the aid of their country. So we, the Seniors of 1956, take our knowledge and good counsellings, and break away from this life of good companionship to wend our way toward our individual goals, our choice for the future under Divine Guidance.

As we pass on into apparent oblivion, we leave behind a testimony of our appreciation to our superiors and a small token of friendship to our underclassmen.

To our devoted Pastor and Curates, many heartfelt thanks for their practical lessons in Religion, and for their beneficial instructions.

Thank you dear Sister for your unceasing kindness and devotion toward your many pupils.

Our big chief, Alfred Hevey, bequeaths his leading ability to Junior president Armand Degrenier. "It's a good leader lost but a good leader gained."

The "pretzel kid" herself, Beatrice Bernard, leaves a year's supply of pretzels to Judith L'Ecuier in return for Judy's jellybeans. I wonder who got the better end of the deal?

Gertrude Paquin is the lucky recipient of Mariette's prize possessions--her earrings. Take good care of them Gert.

Peggy "on the dot" O'Neill leaves to Patricia Marand her watch. I hope you find some use for it Pat, Peggy didn't.

Jeannine Cloutier leaves to Gloria Dumas her regal title of "Dimples Queen." She's hard to beat.

Our Paul Proulx leaves his special "all day wide-awake" look to Donald Charpentier. There's a lucky guy.

Our dancing pro Pauline Picard has invented a new dance step, the "tango and a half rhumba-waltz" step, and to Annette Duval, she leaves her original blueprints.

Quiet Jeanne Freniere leaves to Pauline Ayotte her own recipe for pep--a firecracker--things will boom now.

Sylvia Gregoire leaves to you, Lucille Gouin, her share of Cedar Lake, for bigger and better skating parties. Go to it, Lucille.

"Je vais, tu vas, il va" That's right, French, and to Diane Pariseau, a special French grammar from a confirmed Frenchman, Charlotte Bourbeau.

Screech! Zoom! There goes our Richard, a special "jet-propelled" fluid he invented, so that Rosaire Charland can hit 100, even without an accelerator.

Our all-around girl, Anne Marie, leaves to Phyllis Langlois, her athletic ability. Now our foes will really have something to worry about.

Gloria Proulx receives from Lorraine Roy her "all-American" personality. It's up to you Gloria, carry on the tradition.

Gerald Marand bequeaths to you Ronald Gaumond, his special formula for that "shorty look."

Our own "soda-jerk" Lauria Saulnier, leaves her prize for a "super-duper-scrumptious-yummy" sundae to Joanne Trahan. Oh boy!

Jeanne Boudreau leaves to you Pauline Racicot, her pep and vim. Cheer for the boys Pauline, and make them win.

Clear the aisles, please, a truck has just arrived with Renee's small token of remembrance. For Gloria Farland, a truckload of "Dubble-Bubble" on the double.

Richard Giguere is the very fortunate young man who receives from Annette Lapierre her "Driverette." An award for the best driver at Notre Dame. I wonder

Lucille Gendreau, our shorthand whiz, leaves to you Lorraine Brunelle, her speed. What will you do with all that speed?

Donald Coutu leaves to you Edwina Tardif, his willingness to help. It is a precious quality Edwina, guard it well.

Ronald Richards receives from Constance LaFleche--her own inheritance--heaps and heaps of brain jelly.

Jeannine leaves to you Lorraine Payant, her "petitesse", and her charming personality. You must admit--a fitting beneficiary.

Har, har, hearty har, har, Barbara leaves to you Joan Trahan her great sense of humor. She was first in line when it was passed out.

Alfred Hevey bequeaths to John Depres his "Golden Basketball." With that and your shooting ability Johnny, we certainly can beat the other teams.

Lorraine Roy bestows on you Paul Trahan, her refined distinction. Added to yours Paul, who could ask for anything more.

Raymond Cyr, Donald bequeaths to you his "flying skates." There's a pillow for a premium thrown in also.

We just received an important news bulletin. The war of the grocery stores is over, and Norman Ledoux goes home with Robert Proulx's flag of truce.

Our own bookworm Sylvia, leaves to Estelle Lacasse, a gross of bookmarks. Please don't turn the corners of the pages, Estelle?

Well Dolores LaVallee, you sure are lucky, Constance Dufaulte bestows upon you her wonderful spirit of co-operation. You're all set now.

"Miss Loyalty" herself, Diane Phoenix bequeaths to Omer Guay her title. With slight alterations of course.

Cecile Robert receives from Bobby "the quiet one" his racket--tennis racket, that is.

Memories are made of this

In the heart of every Senior, the book of the year is l'“Etoile” for many joyful hours were spent in the planning and composing of this cherished souvenir of our High School days. To all the members of the Editorial Staff, who so patiently and diligently worked together, a sincere thank you.

But, where did we get all our material? To this question, the Seniors enthusiastically responded with compositions, ideas and pictures. Yes, it is the entire class of '56 that has made this “yearbook” possible.

In the name of all the Seniors, I have the honor of expressing our deep gratitude to Father Lucier, our friend and advisor. Thank you Father, for helping us discover by your careful guidance and timely help that all difficulties can be mastered with a sterling will and trust in God.

A “grand merci” to all our teachers who so devotedly helped us in the tedious work of correcting and ameliorating our editorials. Because of you, many wonderful memories will live on in our hearts forever.

May each one of us, Seniors of '56, venture this one request as we bring our yearbook to a close-----“Forget-Me-Not.”
